April 15 — Full Day of WIC Training

April 16 & 17 — Keynote and breakout sessions to include a variety of public health issues affecting the maternal and child health population of Montana.

Opening Keynote — Wednesday, April 16

- Michael Fraser — Association of Maternal and Child Health Programs. Dr. Fraser will provide a lively, engaging and thought-provoking presentation about where we are in public health and where we need to be in the future.

Closing Session — Thursday, April 17

- Be certain to schedule your travel so you can participate in The Drum Brothers Rhythm Experience — an experience of group collaboration, harmony, and active listening and a metaphor for successful community.

Breakout sessions will include topics such as

- Children & Youth with Special Health Care Needs
- Domestic Violence Basics: How Women and Children Are Affected
- The Field Guide to Sexuality Education
- Suicide Among the Young
